Vintage European Bakelite-style electrical outlet with grounding, in a glossy black finish.
The downward-facing cable outlet saves space and makes it easier to secure the cable to the wall.

Suitable for use with twisted and round fabric-covered electrical cables, as well as PVC electrical wire ranging from 0.75 mm² to 1.5 mm².
Can be used to wire lamps for restoration and DIY projects, as well as custom power strips with 1.5 mm² decorative fabric-covered electrical wire.
